

Pathways Neuro Pharma Engages Dragonfly 44 Capital for Strategic Advisory and Investment Banking Services

Pathways Neuro Pharma Engages Dragonfly 44 as Strategic Advisor to Advance Capital Raising for Gene Therapies Targeting Alcohol Use Disorder and Depression.

WEST CHESTER, PA, UNITED STATES, October 30, 2024 /EINPresswire.com/ -- [Pathways](#) Neuro

We look forward to securing the resources needed to advance our innovative therapies, delivering safer, more effective treatments for AUD and depression.”

Anthony P Mack, President & CEO

Pharma, Inc. (“Pathways”), a pioneering biotech company advancing gene therapies for neurological disorders, is pleased to announce the engagement of Dragonfly 44 Capital (“Dragonfly 44” or “D44 Capital”) as its strategic advisor. Under the terms of this agreement, effective immediately, Dragonfly 44 will provide comprehensive advisory and investment banking services to support Pathways in achieving its strategic goals.

This engagement comes at a pivotal moment for Pathways, following key advancements in its proprietary AAV6.2FF

gene therapy platform. Recently, Pathways addressed important intellectual property matters and strengthened its patent portfolio, further solidifying the company’s position as a leader in the field. Dragonfly 44 will assist Pathways in capital raising and securing strategic partnerships, ensuring the company is well-positioned to accelerate its development pipeline, including its therapies for alcohol use disorder ([AUD](#)) and [depression](#).

Pathways’ innovative gene therapy approach to treating depression is designed to significantly minimize the side effects commonly associated with current treatments, offering patients a safer and more effective alternative.

Anthony Mack, CEO of Pathways Neuro Pharma, remarked: “The engagement of Dragonfly 44 comes at a time when we have successfully bolstered our patent portfolio, adding further value to our innovative gene therapies. Their expertise will be crucial in helping us secure the resources and partnerships necessary to bring our therapies to patients and meet unmet medical needs in conditions like AUD and depression.”

Dragonfly 44 will play a key role in evaluating and pursuing financing and transactional

opportunities, including equity, debt, and hybrid capital raises. This partnership will enhance Pathways' financial capabilities as it continues to develop gene therapies targeting central nervous system disorders, with a focus on reducing side effects and improving patient outcomes.

About Pathways Neuro Pharma:

Pathways Neuro Pharma is committed to developing groundbreaking gene therapies for neurological disorders. Its proprietary AAV6.2FF gene therapy platform, coupled with a robust patent portfolio, positions the company to address critical unmet medical needs in conditions such as AUD and depression, while minimizing side effects.
