Our Vision

At PayToMe, we aim to be the Amazon of fintech for SMBs globally, and committed to enhancing cross-border payments, driving financial inclusion, and helping SMBs overcome financial barriers.

Our Mission

The Problem

400 million SMBs worldwide lose an estimated \$48 billion annually due to fraud, invoicing errors, and payment delays. For many businesses, outdated systems and the lack of IT infrastructure make it difficult to manage these challenges, stifling their ability to grow and operate efficiently.

fraud protection, patented Text-to-Pay technology, customizable digital invoicing that supports over 100 countries, and connects with 12,000 financial institutions and 7,000 applications through global partnerships, including Stripe, Plaid, US Bank, and AppTech Payments Corp. (Nasdaq: APCX).

Value Proposition:

PayToMe eliminates the need for SMBs to manage complex and costly financial systems. The platform's ease of use and scalability make it the perfect solution for SMBs that often lack the resources to implement sophisticated IT solutions.
