

MT 12 by Benoit Vauthier Wins Bronze in A' Furniture Design Awards

Benoit Vauthier's Handcrafted Coffee Table Recognized for Exceptional Design and Craftsmanship

COMO, CO, ITALY, October 16, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of [furniture](#) design, has announced [Benoit Vauthier's](#) MT 12 coffee table as a Bronze winner in the Furniture Design category. This prestigious recognition highlights the exceptional design and craftsmanship of the MT 12, which brings the power and poetry of mountainous landscapes into the living room.

The MT 12 coffee table showcases Benoit Vauthier's unique approach to furniture design, bridging the gap between art, craft, and practicality. By incorporating a hand-carved mountain sculpture into the table's top, Vauthier invites users to slow down, take a moment to contemplate, and reconnect with themselves amidst the fast-paced, connected world. This innovative design aligns with the growing trend of incorporating natural elements and mindfulness into interior spaces, offering a functional yet poetic solution for modern living.

Crafted entirely by hand in Vauthier's workshop, each MT 12 coffee table is a one-of-a-kind piece. The designer skillfully employs various carving tools to shape the mountain sculpture, ensuring that no two tables are identical. The table's top is finished with three coats of oil-based finish, while the leg is expertly crafted by a metalworker. The wood used in the MT 12 is sourced from sustainably managed forests, reflecting Vauthier's commitment to environmental responsibility.

The Bronze A' Design Award for the MT 12 coffee table serves as a testament to Benoit Vauthier's

dedication to his craft and his ability to create furniture that is both functional and emotionally evocative. This recognition is expected to inspire the designer to continue exploring the intersection of art, design, and craftsmanship, pushing the boundaries of what is possible in the realm of furniture design. As the MT 12 gains international exposure, it has the potential to influence industry standards and inspire other designers to incorporate contemplative and poetic elements into their work.

About Benoit Vauthier

Benoit Vauthier is a French designer who seamlessly blends art and craftsmanship in his work. Drawing inspiration from his background as a theater lighting designer, Vauthier employs woodworking techniques to create furniture that tells a story in a narrative and poetic way. By incorporating mountainous landscapes into his designs, he invites viewers to slow down, take time, and immerse themselves in a contemplative experience. Vauthier's works strike a balance between utility and aesthetics, resulting in pieces that are not just furniture but true works of art.

About Benoît Vauthier

Benoît Vauthier is a French designer, woodcarver, and woodworker based in the Vosges mountains of France. After studying cabinet making and wood carving at the Institut québécois d'ébénisterie in Canada, Vauthier developed a unique signature style that combines art, design, and expertise. Inspired by the power and poetry of grand mountainous and marine spaces, he creates furniture with clean lines that invite reverie and contemplation. As a craftsman, Vauthier shapes his projects and sculptures entirely by hand in his workshop, using almost exclusively local woods selected from the surrounding sawmills.

About Bronze A' Design Award

The Bronze A' Design Award recognizes outstanding designs that demonstrate a high level of creativity and practicality. It acknowledges the skill and dedication of designers who produce work that stands out for its thoughtful development and innovative use of materials and technology. Winning designs are recognized for their professional execution and potential to positively influence industry standards. The Bronze A' Design Award is a prestigious achievement, granted to designs that are distinguished by their creativity, ingenuity, and astuteness, as determined by a blind peer-review process and evaluation against pre-established criteria by an expert jury panel of design professionals, furniture industry experts, journalists, and academics.

About A' Design Award

The A' Furniture Design Award is a highly esteemed international design competition that recognizes exceptional furniture design across a wide range of categories. Organized annually since 2008, the award welcomes entries from visionary designers, innovative agencies, forward-

thinking companies, and influential brands within the furniture and interior design industries. By participating in this prestigious competition, entrants have the opportunity to showcase their creativity, gain global exposure, and be recognized for their outstanding contributions to the advancement of the furniture industry. The A' Design Award is driven by a philanthropic mission to enhance society through the power of good design, aiming to motivate designers and brands to develop superior products and projects that positively impact the global community.
