

WAA Launches Premium Media Art Collections Capturing Winter's Magic

NEW YORK, NY, UNITED STATES, October 21, 2024 /EINPresswire.com/ -- WAA (Where Art's Alive), an AI-based premium [media art platform](#) by innovative media art Cuz Global Inc., introduces a special media art collection featuring fantastic winter landscapes for the upcoming winter season. This new winter-concept media art series, comprising 20 pieces, emphasizes the harmony between dazzling snow scenes and futuristic winter cityscapes, offering high-quality works optimized for businesses and large digital signage.

The WAA winter media art collection encompasses various themes including frost-covered branches, glistening ice crystals, snow scenes bathed in golden sunsets, and futuristic winter cities infused with cutting-edge technology. Notably, the snowy forest with a golden pavilion, frozen lakes, and snow-covered landscapes of future cities illuminated by colorful lights convey both the mystery and warmth of winter to viewers. These works, available in 4K and 8K resolutions, meet diverse customer needs and bring a magical winter atmosphere to spaces.

WAA's Art Director Jin Sil explained, "This collection of 20 winter pieces intensively captures the harmony between nature's pure beauty and future technology. The warmth felt even in cold winter landscapes, golden sunlight reflected on snow scenes, and the brilliant lights of future cities blend to create a unique winter ambiance." He added, "Through these carefully selected 20 works, we hope our media art can provide a special experience that warms people's hearts and
