Interstate Bearing Systems carries bearings, power transmission products and electrical products. It stocks a wide range of OEM parts and offers customized solutions across many industries, including agriculture, construction, energy, manufacturing, mining, power generation and transportation.

“

This move will double our warehouse capacity and the centralized Eagan location will better serve our growing customer base.”

Steve Sauter, Executive Vice President of Interstate Bearing Systems

“We were looking to grow our Twin Cities footprint and recognized the need for a larger store and warehouse to accomplish our goal,” said Steve Sauter, Executive Vice President of Interstate Bearing Systems. “This move will double our warehouse capacity and the centralized Eagan location will better serve our growing customer base.”

The new Bearing Systems branch is conveniently located just south of I-494 off Dodd Road at 2935 Waters Road Suite 120, Eagan, MN 55121.
