

Custom T-Ranger Rugged Tablet Scanner Now Certified With VeriScan ID Scanning & Age Verification Software

This new integration offers ID scanning, age verification, and more on Custom's T-Ranger Tablet.

PARMA, ITALY, November 14, 2024 /EINPresswire.com/ -- Custom, a leading innovator in printing, scanning, and data analysis hardware and software, announces that its [T-Ranger rugged tablet](#) is now fully compatible with the popular [VeriScan ID Scanning and Age Verification software](#) from IDScan.net. This integration provides a seamless and powerful tool for businesses who require efficient and reliable ID verification.

The Custom T-Ranger is known for its rugged design, high performance, and versatile capabilities for barcode scanning in a variety of settings, including the retail, restaurant, hospitality, gaming, entertainment, ticketing, parking, warehousing, and logistics. Now, the T-Ranger can be equipped with IDScan.net's VeriScan application for Android, which uses the integrated barcode-scanning imager to validate and verify IDs.

In addition to ID validation, the VeriScan application can provide the following:

Creates an appends a visitor profile which is saved to the cloud

Custom T-Ranger Scanning An ID

IDScan.net Logo

Custom Logo

VeriScan really showcases what our T-Ranger rugged mobile tablet can do when put to practical use.”

Hector Chavez, Global Director of Mobility Products for Custom

Creates a timestamped visit log

Allows for management of lists such as Banned, VIP, Chargebacks, etc.

Saves history, which can be queried or exported to track fraud trends, create demographic reports, drive loyalty, etc.

Instant data sync between devices to keep multiple locations and entrances

These features are ideal for businesses who may be

concerned about the growing threat of ID fraud prevention. Not only does VeriScan help businesses detect fraudulent IDs, it also helps with data automation and record keeping that is essential for compliance. More than 10,000 locations already use VeriScan on Android tablets to iPads today.

Hector Chavez, Global Director of Mobility Products for Custom, says “This partnership is highly beneficial for both IDScan.net and Custom, and the many modern industries served by both companies. VeriScan really showcases what our T-Ranger rugged mobile tablet can do when put to practical use.” Hector said, “Adding VeriScan to the T-Ranger puts us at the technological forefront, empowering business transactions by combining these two reliable products to streamline processes, protect sensitive information, and boost productivity.”

Existing Custom Rugged T-Ranger tablet customers are encouraged to add VeriScan to their device by installing the app from the [Google Play Store](#). They can connect with their Value Added Reseller or IDScan.net to get pricing and setup their account to sync across all their devices. New customers can reach out to info@customamerica.com to learn more.

About IDScan.net
