*Tarby Bryant, CEO*

- CADLY AI – This Georgia based company is transforming product development through a unique, AI-driven crowd-sourced platform that allows individuals to create, design and manufacture products with simplicity and ease. Cadly enables ideas to go from a napkin sketch to a fully realized product listed for sale on a global marketplace.
- PHOTON FI – A revolutionary IT networking technology,

LIFI has been created and is marketed by Photon to leapfrog existing WiFi, thanks to the use of invisible light. It offers 10 times higher speeds, 30 times lower delays and total immunity from interference, hacking and detection. Photon Fi has been deployed in Europe and has prestigious customers in the US in the airline, space, transportation and defense industries while based in Las Vegas

- MARSCHARGE – Headquartered in Mountain View, California, Marscharge provides what is believed to be the most versatile and fastest charging system for EVs by offering high quality, multi-power smart chargers that reduce range anxiety. Its Level-3 DC fast charge combines energy storage and EV charging equipment and currently markets the Mega stationary fast chargers and a Standard charger for mobile AC power.

Gathering of Angels was founded in 1996 and is led by CEO Tarby Bryant who also serves as CEO of Sweetwater Capital Corporation. He is the author of *The Entrepreneurs' Guide to Raising Capital from Angel Investors*. Since its founding, GOA has facilitated more than 450 [capital fundings](#) to startup and young entrepreneurial companies from \$10k to \$12.5M.

For more information about GOA or to register for this meeting, contact Tarby Bryant at 404-606-2193 or [gatheringofangels.com](http://gatheringofangels.com).
