[AUTO CLUBHOUSE Webinar](#) Fuels Momentum in Luxury Car Storage Nationwide

AUTO CLUBHOUSE Properties, LLC (ACH), pioneering the future of luxury, private car storage while creating a national brand built upon the growing demand for premium automotive storage solutions, will host its first webinar for potential investors and car enthusiasts to explore the opportunities associated with the luxury brand's national rollout.

Luxury vehicles range in price from around \$50,000 to the multi-million-dollar range. With the top 1-2% of US households (over 10 million in net worth) likely to own multiple luxury or exotic cars, RVs, and boats, owners seek specialized storage solutions to house and protect their toys. The demand for luxury and exotic cars is moving into high gear nationwide, fueling the need for specialized storage facilities. AUTO CLUBHOUSE is in the right place at the right time to develop specialized car storage facilities in specific markets nationwide that offer climate control and high-end security systems, as well as additional services: car detailing, maintenance, and VIP social club amenities catering to the luxury lifestyle and interests.

The 30-minute AUTO CLUBHOUSE webinar will be held Thursday, October 24, 2024, at 1:00 PM
