#### Hospital Mobile X-Ray Market Analysis

The increasing prevalence of chronic illnesses and the growing use of sophisticated hospital mobile X-ray systems are driving the expansion of the hospital mobile X-ray market. Cancer, heart disease, and musculoskeletal and orthopedic conditions are among the chronic diseases that have become much more common. The quality of life has declined as a result of these problems, which have negatively impacted vast populations worldwide. The World Health Organization (WHO) estimates that musculoskeletal problems impacted around 1.71 billion individuals worldwide in 2022. Increased product introductions are another factor driving market expansion.
