

Wound Healing Society New Funding Opportunities

The Wound Healing Society is pleased to invite our industry partners to support the Society's efforts to provide research grants and awards for WHS members.

BEVERLY, MA, UNITED STATES, October 23, 2024 /EINPresswire.com/ -- The [Wound Healing Society](https://woundheal.org) is pleased to invite our industry partners to support the Society's efforts to provide research grants and awards to sponsor travel for WHS members to promote and advance their research with financial assistance to attend scientific meetings. In addition, WHS is seeking support for our members' networking events including the Member Night Out, President's Reception and Board of Directors dinner. The WHS has a successful history of partnering with industry to achieve common goals in advancing wound care, providing a tangible return on investment for our industry sponsors.

“

Supporting the WHS will provide numerous benefits and opportunities including connecting with WHS's multidisciplinary members and internationally renowned leaders.”

Founded in 1989, the Wound Healing Society (WHS) is the premier scientific organization focused on wound healing. A nonprofit organization composed of clinical and basic scientists and wound care specialists, the mission of the WHS is to improve wound healing outcomes through science, professional education, and communication. The WHS provides a forum for interaction among scientists, clinicians, and other wound care practitioners, industrial representatives, and government agencies. The WHS is open to individuals who are interested in the field of wound healing and presently comprises more than 2000 members in the United States and other countries.
