To determine this year's Most Profitable Franchises, Franchise Business Review analyzed feedback from nearly 35,000 franchise owners across 365 brands. The evaluation focused on overall satisfaction, likelihood to recommend the brand, annual income of franchise owners, and minimum startup capital requirements. i9 Sports® franchisees were surveyed on 33 benchmark questions about their experience and satisfaction regarding critical areas of their franchise systems, including training & support, operations, franchisor and franchisee relations, and financial opportunity.
