

Hollywood Racks Releases New CrossTrack Bike Rack

The hitch-mounted rack was designed for ease of use and unmatched stability for a wide variety of bikes

LOS ANGELES, CA, UNITED STATES, October 25, 2024 /EINPresswire.com/ -- Hollywood Racks, a leading global bicycle rack manufacturer, announces the release of the new [CrossTrack bike rack](#). The hitch-mounted CrossTrack provides a convenient way to transport one or two bikes at a time. With frameless touchpoints, sturdy design, and an abundance of accessories, the CrossTrack is one of the most versatile bike racks on the market.

“We’re excited to bring the CrossTrack and suite of accessories to the world, given the high demand from our valued customers and retailer network,” said Evan Nusbaum, chief executive officer at Hollywood Racks. “This is the only product in our catalog that refrains from any bicycle frame contact while maintaining maximum stability. It’s a testament to the research, development, and testing that went into creating a product like this while keeping our promise of simple, strong, and secure.”

Available in [1 bike hitch rack](#) and [2 bike hitch rack](#) models intended for both 1.25-inch and 2-inch hitches, the

CrossTrack Bike Rack

Hollywood Racks' new CrossTrack Bike Rack.

CrossTrack fits the needs of a diverse array of cyclists. The CrossTrack is designed specifically to accommodate road, gravel, and mountain bikes under 66 lbs. The rack's design also minimizes bike-to-bike interference by placing each bike in an individual tray.

CrossTrack Key Features:

- Frameless contact points: holds bike by the wheels
- Front handle pull mechanism
- Front wheel block
- No-wobble hitch tightening system: eliminates slack between the receiver hitch and the rack without the use of any tools (2" Hitch only)
- Easy access folding and tilting: easily fold the rack against the car when not in use or tilt down with the front pull handle
- Locking hitch pin with keyed alike 8' security cable
- Accessories (sold separately): Ramp, LED light bar, wheel locks and wheel size adjuster knobs

CrossTrack Specs:

- For 1.25" and 2" hitches
- Max weight: 66 lbs per bike
- Max tire width: 4"
- Max wheelbase: 52"
- One or two-bike capacity

The CrossTrack will retail for \$399.99 (one bike) and \$749.99 (two bikes). For additional info, visit <https://hollywoodracks.com/pages/meetthecrosstrack>.
