Growth Driver of The Chicken Bucket Market

The rising demand for chicken from developing economies is expected to propel the chicken bucket market going forward. The demand for chicken is increasing due to it being a popular meat choice and its benefits of essential nutrients such as protein, niacin, selenium, and phosphorus. Due to its low-calorie content and high protein content, chicken is especially

beneficial for weight loss and maintaining lean body mass. Chicken buckets are disposable packaging with various sizes used for serving chicken. This type of packaging is also used for serving takeaway meals.
