## A Legacy of Achievements and Community Impact

Since its establishment, MBI has achieved several significant milestones. Over the past five years, the institute has successfully graduated more than 400 barbers from its [Barber and Restricted Barber programs](#). Many of these graduates have launched their own successful businesses or secured positions at leading barbershops across South Florida. With an ongoing campus expansion doubling the facility's capacity, MBI is poised to accommodate even more aspiring barbers,

ensuring students receive unparalleled training and access to industry-leading tools and mentorship.

"At MBI, we are committed to setting our students up for long-term success in the barbering industry. We provide the technical training and the business foundation that helps our graduates thrive in today's competitive market," said Luis Castillo, President of Miami Barber Institute. "Watching our graduates succeed, start their businesses, and contribute to their communities is incredibly rewarding."

### MBI's Dedication to Service and Giving Back

In addition to its educational excellence, MBI has made community service a cornerstone of its mission. Through its [Free Haircut Program](#), MBI students give back to the Miami-Dade County community, providing complimentary haircuts at back-to-school events for local students and supporting veterans and homeless individuals in need, under the guidance of licensed barber instructors.

"We believe that barbering is more than just a profession; it's a way to make a real difference in people's lives," said Thomas Castillo, Master Barber and Lead Instructor. "Whether it's helping someone feel confident with a fresh cut or providing mentorship to students, we want to create an impact beyond the barber chair."

Another signature initiative at MBI is the bi-annual Barber Battles, where students showcase their artistry and technical expertise to industry professionals, instructors, and peers. These battles hone the student's skills and foster a spirit of camaraderie and friendly competition, with top performers receiving recognition and opportunities to advance their careers.
