"SmartERP is a unique organization in the Enterprise Business Applications space, providing software solutions as well as consulting services, and application support enabling organizations to develop optimized business processes and a superior user experience enabling increased productivity, cost reductions, and a maximized return on their investment," said Doris Wong, CEO, Smart ERP Solutions. "Our PeopleSoft services and solutions go beyond end users' expectations at an affordable cost, and we're excited to be showcasing at the PeopleSoft Reconnect Dive Deep – Virtual Conference."

As an Oracle Partner, developer, and implementer of services and solutions that enhance and support Oracle applications, SmartERP is dedicated to delivering innovative and leading-edge solutions based on Oracle/PeopleSoft technology, including automated Smart Form I-9/E-Verify, and employee pre-boarding/onboarding/off-boarding for PeopleSoft applications. With proven experience in PeopleSoft, SmartERP aims to help organizations gain insights on ways to enhance business processes by utilizing SmartERP technology and services combined with Oracle offerings. SmartERP also specializes in Cloud Services, partnering with PeopleSoft customers in their journey to the Cloud, and offering a transformative approach to modern business operations. By leveraging SmartERP's advanced services for the cloud, organizations can seamlessly integrate and manage critical processes such as Finance, HR, Supply Chain, Procurement, and more.

About Smart ERP Solutions

Founded by Oracle/PeopleSoft veterans, Smart ERP Solutions® is a unique organization providing innovative, cost-effective, and configurable solutions as well as a wide range of consulting services that efficiently extend the capabilities of ERP systems to meet specific business process needs. SmartERP enables clients to seamlessly integrate their people, processes, applications, and data across an enterprise, enabling organizations to streamline their operations and support business growth. SmartERP application managed services can supplement an organization's staff, co-manage applications, or manage their entire set of Oracle, PeopleSoft, EBS, and JDE applications. SmartERP has solutions and services practices across multiple industries, including the Public Sector, Financials, Healthcare, Recruiting, Technology, Distribution, Manufacturing, Construction, and many more.
