

Key Factor Driving the Stones Market in 2024: Rising Construction Activities

The Business Research Company's Key Factor Driving the Stones Market in 2024: Rising Construction Activities

LONDON, GREATER LONDON, UNITED KINGDOM, October 28, 2024 /EINPresswire.com/ -- [The Business Research Company's](https://www.thebusinessresearchcompany.com/) Early Year-End Sale! Get up to 30% off detailed market research reports—limited time only!

The stones market has experienced strong growth, rising from \$12.72 billion in 2023 to \$13.66 billion in 2024, with a CAGR of 7.4%. Growth is driven by the construction industry's expansion, urbanization, infrastructure development, landscaping projects, and historical restoration activities.

How Much Will the Global Stones Market Grow, and What Is the Predicted Annual Growth Rate? The stones market is expected to see robust growth, projected to reach \$17.78 billion in 2028 at a CAGR of 6.8%. This growth is attributed to smart city initiatives, a focus on energy efficiency in quarrying, the rise of prefabricated construction, cultural and religious projects, and circular economy practices. Key trends include digital transformation in the stone industry, sustainable quarrying and processing, innovations in stone finishes, smart applications of stone, and the emergence of online stone marketplaces.

It will grow to \$17.78 billion in 2028 at a compound annual growth rate (CAGR) of 6.8%."

What Are The Top Drivers Contributing To The Growth Of The Stones Market?

The growth of the stones market is expected to be driven by the rise in construction activities. These activities encompass the development of buildings, infrastructure, and industrial facilities, continuing through their entire lifecycle. Stones play a crucial role in construction, serving as foundational materials for structures such as walls and pavements, offering durability and structural integrity due to their natural strength and resistance to weathering.
