*Experienced Finance Executive and Healthcare Professional Bring Leadership and a Focus on Sustainability to Premier Drywall Repair Franchise*

NOBLESVILLE, IN, UNITED STATES, November 7, 2024 /EINPresswire.com/ -- PatchMaster, North America's leading drywall repair franchise, announced today the newest expansion in Northern Indianapolis, under the leadership of Jacob and Alisha Tuttle.

With Jacob's extensive background in corporate finance and Alisha's experience as a nurse anesthetist, the husband-and-wife team is poised to bring exceptional drywall repair services to the Noblesville and greater Indianapolis area.

Jacob Tuttle's career spans multiple industries, where he has worked closely with several Vice Presidents and CFOs in large organizations. His experience has given him a strong foundation in strategic growth and operational sustainability—skills he plans to apply as the couple embarks on their new business venture.

Meanwhile, Alisha's background in healthcare has given her a deep appreciation for quality service, attention to detail, and customer care, values that will translate directly into their PatchMaster franchise.

"I've spent years working in finance, always striving to improve efficiency and growth, and I see

Alisha and I are excited to take this journey together and provide outstanding services to our community, all while building a business that our children can one day be part of.”

The Tuttle family discovered PatchMaster through a franchise coach and were impressed by the brand’s commitment to its franchise owners and customers alike.

They are eager to foster a positive work environment for their team and deliver exceptional service to the surrounding communities, including Noblesville, Carmel, Fishers, Zionsville, and beyond.

“PatchMaster’s values align perfectly with our own,” added Alisha Tuttle. “We want to create not only a successful business but a place where our employees feel valued and customers receive top-notch service. This isn’t just about drywall repairs—it’s about making a difference in people’s homes and lives.”
