AUSTIN, TX, UNITED STATES, October 31, 2024 /EINPresswire.com/ -- Singer-songwriter and college student [Lorena Andrea](#) has officially released her latest single, "You Couldn't Give Me More." The deeply personal track is now available on all major streaming platforms, including [Spotify](#) and [Apple Music](#). With heartfelt lyrics and captivating vocals, Lorena continues to build her reputation as a rising star in the music industry.

"You Couldn't Give Me More" was written in January and reflects Lorena's personal experiences with a relationship that had become stagnant. The song explores the emotional conflict of wanting someone to change and live up to an ideal, even when it becomes clear that the desired change will never come.

"I wrote this song about someone I was seeing on and off," Lorena explains. "Things weren't progressing, and it didn't feel right to keep seeing him. But it became so comfortable, it felt impossible to let go. The song is about that feeling—wanting someone to become the person you wish they were, even when it's unlikely."
