

# Florida Mesothelioma Victims Center Recommends the Gori Law Firm for a Former Power Plant Worker with Mesothelioma or Lung Cancer Anywhere in Florida-Expect Much Better Compensation Results

ORLANDO , FL, UNITED STATES, October 29, 2024 /EINPresswire.com/ -- The Florida Mesothelioma Victims Center says, "We have endorsed the Gori Law Firm for anyone in Florida who has developed mesothelioma or asbestos exposure lung cancer-especially power plant workers because we know people like this will receive the best possible compensation results if they hire this law firm. The Gori Law Firm is a national law firm focused on assisting people with mesothelioma and asbestos exposure lung cancer, they have an office in Tampa and their lawyers are available any time to talk with a person with asbestos lung cancer or mesothelioma at 866-532-2106.

"The reason we are so focused on power plant or industrial workers is we know they probably had significant exposure to asbestos on the job-especially if they were working at a workplace like this before the mid-1980s. Power plants were typically built with asbestos that included the concrete in the plant, or asbestos was used in insulation, or equipment-machinery. Repair crews or maintenance workers at power plants probably had routine or even daily exposure to asbestos. While a person with mesothelioma might instantly make the connection between their workplace and the illness-a person with asbestos exposure lung cancer might not.

"If your loved one has just been diagnosed with mesothelioma or asbestos exposure lung cancer

and they are a former power plant worker in Florida please call the Gori Law Firm anytime at 866-532-2106. We are certain you will be glad you did. The Gori Law Firm has no equal in Florida." [www.gorilaw.com](http://www.gorilaw.com)
