

Postmortem Pathology Expands Services to Provide Private Autopsies in All 50 States

Postmortem Pathology, a provider of independent autopsy services, announces the expansion of their services to include private autopsies in all 50 states.

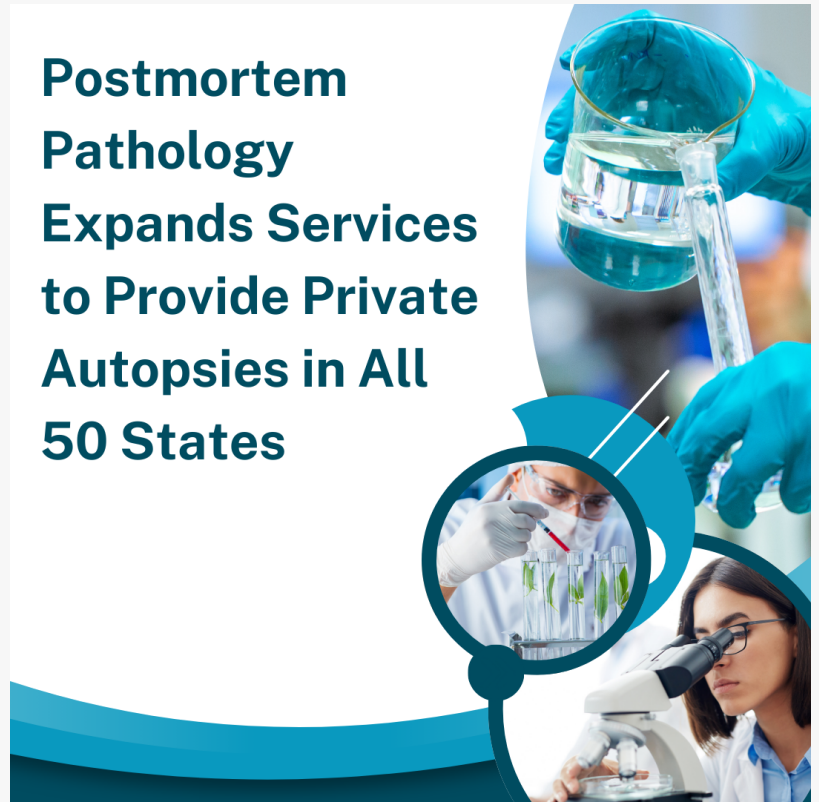

WOODLAND PARK, CO, UNITED STATES, October 25, 2024 /EINPresswire.com/ -- Postmortem Pathology, a leading provider of [independent autopsy services](#), is proud to announce the expansion of their services to include [private autopsies](#) in all 50 states. With over 20 years of experience in the field, Postmortem Pathology is dedicated to providing thorough and accurate postmortem examinations to families and legal professionals.

The decision to expand their services to all 50 states comes as a response to the increasing demand for private autopsies. Families and legal professionals often seek private autopsies for a variety of reasons, including concerns about the accuracy of a previous autopsy or the need for additional information in a case. With their team of experienced pathologists and state-of-the-art facilities, Postmortem Pathology is well-equipped to meet this growing demand.

"We are excited to now offer our private autopsies to families and legal professionals in all 50 states," said Dan Lingamfelter, Chief Pathologist at Postmortem Pathology. "Our team is dedicated to providing thorough and unbiased examinations, and we are confident that our expanded services will help bring closure and answers to those who seek them."

Postmortem Pathology's [private autopsy services](#) include a comprehensive examination of the body, including external and internal examinations, toxicology testing, and histological analysis.
