CEO*

A Visionary Leader

Chris Woods is a seasoned cybersecurity expert with a proven track record of building and leading high-

performing teams. His experience in managing elite security teams at organisations like the European Space Agency, HP, and Fujitsu has provided him with invaluable insights into the complexities of cybersecurity. Chris's leadership has been instrumental in shaping CyberQ Group's culture of innovation and client-centric approach.

## CyberQ Group:

A pure Global Cybersecurity company, has rapidly grown into a global cybersecurity powerhouse with a presence in the UK, USA, and APAC regions. The company offers a comprehensive suite of services designed to protect businesses of all sizes from the ever-growing threat of cyberattacks. CyberQ Group's win at this prominent event highlights the company's significant contributions to the cybersecurity landscape. Their dedication to providing cutting-edge solutions and fostering a culture of innovation positions them as a leader in the industry.

These services include:

**Threat Assessment:-** Proactive identification of vulnerabilities and potential attack vectors.

**Penetration Testing:-** Simulating real-world attacks to uncover security weaknesses.

**Incident Response:-** Rapid response and recovery in the event of a cyber incident.

**Security Awareness Training:-** Empower Staff / Directors: Cybersecurity's human firewall.

**Managed Security Services:-** 24/7 monitoring and management of security infrastructure.

**Digital Human Reconnaissance:-** Unveiling hidden online risks.

**Smart Building Cyber Assurance:-** Secure connected environments

**Cyber Due Diligence:-** Secure investments, verify leadership and protecting data

## Birmingham Tech Week: A Hub for Innovation

Birmingham Tech Week, the UK's largest regional tech festival, serves as a vital platform for the West Midlands' thriving technology ecosystem. This year's event drew over 7,500 attendees, showcasing the region's commitment to driving digital innovation and economic growth. With a diverse range of events, workshops, and networking opportunities, Birmingham Tech Week fosters collaboration and knowledge sharing among industry leaders, entrepreneurs, and investors.

## About CyberQ Group

CyberQ Group is a CREST and ISO27001 certified global cybersecurity firm headquartered in Birmingham, UK, with a presence in the USA and APAC regions. They offer a comprehensive suite of cybersecurity services, including threat assessment, penetration testing, incident response, and security awareness training, to help businesses build cyber resilience and protect their critical assets.
