SAN FRANCISCO, CA, UNITED STATES, October 28, 2024 /EINPresswire.com/ -- Prepare to feast on laughter with [Fingers: The World's First Vegan Zombie!](#) This wildly original short film flips the zombie genre on its head, serving up a hilarious and unforgettable adventure for all ages. Join a quirky crew of zombies as they battle it out between two factions: recovering zombies determined to convert their meat-loving counterparts to the veggie-loving ZIT Program (Zombies in Transition).

Just when you think it couldn't get crazier, a show-stopping zombie dance number—"Step, Step, Step" now a viral dance sensation—steals the spotlight! With sharp wit, a killer soundtrack, and nonstop laughs, Fingers is the new must-see Zombie movie of the year!

Although "Fingers" is centered around zombies, the goal was always to have fun with the concept. However, it did draw from some real-life inspiration. "We wanted to keep things light and playful," Mouras explained. "When I first wrote it, I was a vegetarian and started wondering what a vegetarian zombie might look like. That idea sparked the story, and it turned into something hilarious!"

[Belton Mouras, Jr.](#), born in Northern California, was immersed in creativity from an early age. Raised in a musically gifted family with a deep love for animals and Cajun storytelling, he began classical piano at five and later embraced jazz in his late twenties, expanding his artistic horizons.
