Legendary Rock Band Paisty Jenny Drop New Single and Music Video to Deliver an Encouraging Message of Unity to Voters Throughout the Country Pre-Election

NM, UNITED STATES, October 29, 2024 /EINPresswire.com/ -- While the upcoming election seemingly polarizes the country, music veterans Paisty Jenny release a new single and music video to deliver an encouraging message of unity for voters across the country. [American rock band Paisty Jenny](#)

Paisty Jenny, American Rock band

has released a new single and music video titled "Jesus and Guns" to urge all Americans, regardless of party affiliation, to cherish our right to vote and shared freedoms, and to come together in unity as a civilized, modern, and moral nation.

“

Our nation needs to come together and cherish our right to vote and freedom as one.”

- Paisty Jenny, American Rock band

"The "Jesus and Guns" music visual was created to show a sense of unity and to shed light on how fragile our freedoms and celebrated democracy are. One wrong move in our history could have affected how we live today, and the precious freedoms that we share. We wanted to illustrate the band going back in time and correcting a wrong before it happened. By showcasing how one wrong move could have changed history, we can look at current

events and better understand that we are making decisions today that may not be able to be reversed. Our nation needs to come together and cherish our right to vote and freedom as one.”
- Paisty Jenny

The concept of the music video was the brainchild of Curtis McKinney, founder of Cranked Up Records. McKinney explained, "Initially the idea was to have the band travel to multiple events in the past and correct anything that could have led the country down a dark path. We enlisted actor James Lane who has appeared in over 30 productions including 'The Lone Ranger', 'A Million Ways to Die in the West', and 'Breaking Bad', among many others. After consulting with

James, we changed the narrative to only include one Civil War scene in which a Confederate Soldier was about to change the course of the war if not stopped. The band plays a modern "CIA" type of organization who are sent back in time to put a halt to him, and by doing so, to keep America free."

Deep, rich guitar tones and big hooks are what drive the PAISTY JENNY vibe - a dirty rock band with something to say. Velvet Revolver and Seether are familiar comparisons, with the roots of Motley Crue and GNR. Over the last two decades, the band has notably shared stages with such legends as My Darkest Days, Buckcherry, Kid Rock, Like a Storm, Otherwise, Saving Abel, Cavo, Tesla, Puddle of Mudd, Saliva, and Drowning Pool. Multiple career performances with Bret Michaels, Vince Neil, Jackyl, LA Guns, Firehouse, Slaughter, Lita Ford and Skid Row, prove PAISTY JENNY as an established, high-energy, adrenalin-filled rock show.
