AI CERTs™ Partners with Athens International College to Offer Industry-Leading AI and Blockchain Certifications

NEW YORK, NY, UNITED STATES, October 29, 2024 /EINPresswire.com/ -- AI CERTs™ is pleased to announce a strategic partnership with Athens International College (AIC), a prominent higher education institution in Greece. This collaboration aims to provide students and professionals with globally recognised AI certifications and blockchain certifications designed to equip them with essential skills and knowledge for today's fast-evolving tech landscape.

AI CERTs™ Partners with Athens International College

This partnership combines AI CERTs™' industry-validated certifications with AIC's proven expertise in digital transformation. Together, we will deliver practical, high-quality certifications that not only meet international standards but also address the current needs of the global workforce.

AI CERTs™ and AIC are committed to providing top-tier certifications that adhere to ISO 17024:2012 standards, ensuring global credibility. These certifications, validated by technology leaders such as Microsoft and Google, are recognized as benchmarks of excellence. By pursuing these qualifications, professionals will gain a competitive advantage in the tech-driven job market.

In a world where technology continues to reshape industries, hands-on experience is crucial. AI CERTs™' certifications focus on real-world applications, emphasizing live projects to bridge the gap between theory and practice. This approach ensures that learners develop the skills required to apply AI and blockchain technology to real-world challenges.

The collaboration between AI CERTs™ and AIC represents a powerful combination of educational excellence and technological expertise. AI CERTs™ brings its advanced knowledge in AI and blockchain, while AIC contributes its strong foundation in education and extensive industry

connections. This partnership will deliver certifications that empower professionals to navigate the complexities of the digital age and lead innovations in their fields.

Professionals earning [AI and blockchain certifications](#) from AI CERTs™ and AIC will gain a competitive edge in their careers, stay up to date with the latest technological advancements, and expand their professional networks. The certifications are designed to equip individuals with practical knowledge, positioning them as leaders in the rapidly transforming digital economy.

Russell Sarder, CEO of AI CERTs™, said:
"AI CERTs™ is proud to partner with Athens International College. Through this collaboration, we aim to offer professionals certifications that are industry-relevant and highly practical, helping them succeed in the evolving tech landscape. Our shared goal is to deliver certifications that meet global standards while providing the hands-on experience necessary to thrive in today's competitive environment."

Constantinos Kesentes, Managing Director of Athens International College, shared:
"At Athens International College (AIC), we are dedicated to fostering the next generation of leaders in a diverse, inclusive, and innovative environment. Our partnership with AI CERTs reflects our commitment to providing students with qualifications that not only enhance their skills but also position them for success in the era of digital transformation. Together, we will help learners meet the demands of emerging technologies and prepare them for future leadership roles."

About Athens International College (AIC)

Athens International College is a leading higher education institution in Greece, offering internationally recognized programs that focus on professional skills, employability, and entrepreneurship. AIC provides undergraduate, postgraduate, and executive education programs that empower students to succeed in the global workforce. Committed to excellence, AIC strives to transform its students into leaders who can make a lasting impact in their respective industries.
