BOLD VAN - Celebrating 25 years of excellence

BOLD VAN - A Fresh Approach to EDI.

In an industry where potential customers may hesitate to switch VAN providers due to concerns about stability and service quality, BOLD VAN stands out as a stable and reliable partner. As a smaller player in the EDI space, we've thrived by focusing on personalized service, cutting-edge solutions, and helping our clients save thousands of dollars on their monthly VAN bills.

"We were initially concerned about potential interruptions when switching VANs," said Casey O'Connell, CTO at Razor USA. "However, BOLD VAN's efficient, transparent migration process put us at ease, delivering a smooth transition with zero disruption to our trading partners."

Over the years, BOLD VAN has been careful not to raise rates "just because." Instead, we prioritize keeping our prices fair and competitive, ensuring that our customers can access top-tier EDI services at a fraction of the cost of other providers. This commitment to affordability means our prices remain much lower than many other [EDI VAN](#) solutions on the market, without sacrificing quality or service.
