NASHUA, NH, UNITED STATES, October 29, 2024 /EINPresswire.com/ -- Poopie Suits – True Sub Tales, the 9 book collection of true, non-fiction, [stories](#) from the US [Submarine](#) Force has collaborated with Submarine Veteran and professional narrator, Joseph Courtemanche, to produce 4 audio versions of their 9 books.

Joe, who rode the boats himself, has infused these audio versions with a unique blend of realism and nuance, that no other narrator could have done.

The result is an experience that “takes you there”.

Joe himself said: "I have narrated a couple of dozen books, both fiction and non-fiction. My favorite non-fiction work is without a doubt the "Poopie Suit Guys" books, including the Sub Tales works. As a former "rider-scum", I know that world, and love the chance to tell the stories of the brave men of the diesel boats and early nuke boats. Some day I expect I will be telling the stories of this generation as well, and I look forward to that with pride. I may not have earned my dolphins (My trips were all short and on different classes) but I am very proud of bringing that world to life for the dolphin wearers, and the rest of the world. I hope you enjoy my work as much as I enjoy doing it!"

The 9 Poopie Suits books started with the autobiographical story of Frank Hood, a submariner

himself.

The 8 books that followed come in 2 series – the Sub Tales series (1-5) and The Silent Service Remembers series (1-3).

Joe has completed the audio versions of Sub Tales 1-4, and is working on Sub Tales 4.

The Poopie Suits series has won awards with its unique genre of telling true stories, but steering clear of any classified material.

This focus has won the admiration of other sub veterans and civilians alike, as all the books are written in an easy yet informative style.

The audio books are loved by those who have vision issues, and by those who spend a lot of time behind a wheel. The Sub Tales series is particularly well suited for short interval listening.

“

The Sub Tales series of books perfectly suits the audiobook experience. Each is a collection of stand-alone stories, Joe Courtemanche's compelling narrative style brings them to life. You are there”
