MONTGOMERY, NJ, UNITED STATES,  
October 29, 2024 /EINPresswire.com/ --  
Customer Since 2020 with 50 Total  
Modules Deployed

The Township of Montgomery, NJ has implemented additional government management [software solutions](#) into their municipal offices for 2024 in order to automate processes, digitally manage data, and engage citizens via the cloud with [GovPilot](#) - the Operating System for Local Governments. In collaboration with GovPilot, a government management software provider based in New Jersey, this municipality of Somerset County, expanded a partnership that will allow the local government to access new, modern, software solutions across the municipality.

This partnership aims to provide both citizens and government officials simplified access to data and information that will save valuable time and resources across the board. GovPilot's customer success rates and stellar reviews set this government management software provider apart from all others, streamlining the implementation of new software solutions efficiently and successfully for Montgomery Township.

Montgomery Township, NJ added the following solutions to their municipality. Learn more about these modules:

[Zoning Projects Module](#): Applicants can apply on-line for zoning permits with required information being mandatory for submission, such as setbacks, types of uses, height, parking requirements, design and similar concerns. Once submitted, the department can do the appropriate review, fee calculating and notifications.

Montgomery Township, NJ Deployed Zoning and Projects Banner Permit Modules With GovPilot

Temporary Sign/Banner Permit Module: Applicants can apply on-line for a sign/banner permit. Once submitted, if any review is needed, it can automatically be sent to the appropriate department.

All additional software solutions deployed by Montgomery in 2024 will continue to simplify and digitize once manual, paper-based government processes, allowing for government workers to dedicate their valuable time to more pressing municipal tasks, and saving constituents the hassle of traveling to city hall in person.

GovPilot By the Numbers for 2023

Total Modules Deployed Across all Accounts Nationwide: 354

Median Deployment Days: 47
