ATLANTA, GA, UNITED STATES, October 30, 2024 /EINPresswire.com/ -- Vector Global Logistics, a premier B Corp Certified™ logistics company, is proud to announce that they have been named a winner for the U.S. Chamber of Commerce Foundation's 25th

Annual Citizen Awards. This prestigious program recognizes businesses across the country for their remarkable leadership in solving the world's biggest challenges. “

We are thrilled to accept this award from such a prestigious organization. Not only that, but we are humbled to be in such good company among the other finalists and winners.”

Enrique Alvarez, Co-Founder and Managing Director

The winners were revealed during the U.S. Chamber of Commerce Foundation's Business Solves Conference on October 29, 2024, in Washington D.C.

“We are thrilled to accept this award from such a prestigious organization,” says Vector Global Logistics Co-Founder and Managing Director Enrique Alvarez. “Not only that, but we are humbled to be in such good company among the other finalists and winners. It's encouraging to see so many companies active in creating a better present and future.”

Brian Oxley, Vector Global Logistics Co-Founder and Managing Director, continues, “Our team works hard daily to ensure that our client's cargo reaches its destination as well as further our mission to leverage logistics for a positive impact. This recognition is a wonderful way to thank them for their incredible efforts.”

“The Logistics With Purpose® initiative is a powerful example of how business can be a force for good,” said Marc DeCoursey, senior vice president of the U.S. Chamber of Commerce Foundation. “The company’s efforts to integrate philanthropy into its operations and support humanitarian efforts are driving meaningful change and helping communities in need around the world.”

The Citizen Awards highlights the most innovative and impactful initiatives that leverage a company’s talent, resources, and expertise to improve communities. Vector’s Logistics With Purpose®: Changing the World Through Supply Chain submission covered three of the company’s charitable efforts. First, for every shipment they move, a donation is given to those in need. Second, Leveraging Logistics for Ukraine represents their initiative to bring awareness and aid to the people of Ukraine. Third, they have an unlimited volunteering policy that employees can take advantage of, with a combination of company-led activities as well as employee-led activities.
