This child-centered, hands-on method is reflected in the addition of STEM activities that can help prepare kids for future careers.

With the new Google My Business listing, parents can now easily find Learn And Play Montessori San Carlos campus located at 510 Laurel St., San Carlos, CA 94070. Parents can even request school tours to see the premises, meet educators and find out more information about the teaching philosophy.

DAYCARE THAT SETS THE FOUNDATION

The daycare program at the new San Carlos location goes beyond mere babysitting. It builds the foundation for a love of learning that lasts a lifetime. The program provides a supportive, interactive learning setting that blends Montessori principles with appropriate early STEM topics for kids starting as early as 18 months old.

It invites them in a way to discover their environment, helps them gain confidence and also teaches the most important social skills. Children will be able to learn through sensory experiences, problem-solving tasks and free-play within an exciting environment at their own speed. The program teaches that STEM concepts can be introduced into everyday activity while promoting curiosity but also higher-level thinking skills.
