

# Pavo Group and Star Solutions Announce Strategic Partnership to Expand Mobile Telecommunications in Key Regions & Beyond

ISTANBUL, TURKEY, October 30, 2024 /EINPresswire.com/ -- [Pavo Group](#), a leading provider of advanced communications technology solutions, including the design and manufacture of a wide range of IP network communication/control systems, with expertise in the Defence and Security, Public Safety, Digital Technologies and Communications sectors, has signed a Memorandum of

Understanding (MoU) with [Star Solutions](#), a Canadian-based telecommunications company, a global leader in providing mobile network equipment to enable operators to support rural, private & emergency solutions with a core mission to deploy communications infrastructure that are typically challenging or requiring special customization, to establish a strategic partnership aimed at expanding the deployment of mobile telecommunications networks across Türkiye, the Gulf Cooperation Council (GCC) countries, Azerbaijan, and North Africa.

“

This MoU marks the beginning of a long-term relationship that will enable both parties to address evolving technology demands and customer needs in the telecommunications sector.”

*Serkan Altınışik, CEO at Pavo Group*

This collaboration will leverage the respective strengths of both companies to develop business opportunities and

market advanced 2G, 4G, and 5G solutions in the specified regions. Pavo Group will lead on-the-ground marketing, sales, installation, and integration activities, while Star Solutions will provide sales and marketing support for customer opportunities and initiatives. Together, the partners will work to integrate state-of-the-art cellular network equipment into customized solutions for a variety of use cases, including public safety and security applications.

Serkan Altınışik, CEO at Pavo Group, mentioned that “Partnering with Star Solutions aligns perfectly with our growth strategy and allows us to expand our footprint in key markets further. This MoU marks the beginning of a long-term relationship that will enable both parties to address evolving technology demands and customer needs in the telecommunications sector.”

Jack Mar, CEO at Star Solutions, added, "We are confident that our combined expertise and resources will enable us to deliver exceptional value to our customers. This partnership aligns with our commitment to providing cutting-edge technology solutions that meet the evolving needs of the market. The partnership between Pavo Group and Star Solutions will drive

economic growth and create new opportunities for businesses and consumers in the region."

As part of the agreement, Pavo Group and Star Solutions will also explore the feasibility of sharing knowledge to produce equipment at Pavo Group's production lines in Türkiye, facilitating further innovation and localization of manufacturing processes.

The MoU underscores the commitment of both companies to build a robust framework for collaboration that will enhance the availability of reliable mobile communications infrastructure in the respective regions. The partnership is expected to create new opportunities for expanding services to new markets and industries, particularly in sectors that require enhanced connectivity for public safety and emergency response.
