

# Political Dystopian Satire "Greatland" Debuts on Prime Video Just Ahead of US Election

*A visually bold, farcical sci-fi adventure, Greatland skewers both liberalism and elitism, sparking debate about today's polarized politics.*

LOS ANGELES, CA, UNITED STATES, November 4, 2024 /EINPresswire.com/ -- Releasing on Prime Video only hours before November election day,

[Greatland](#) is set in a world governed by the omnipresent "Mother," and depicts a society that has taken tolerance and diversity to an absurd extreme. From rainbow-clad police enforcing nonbinary gender norms to citizens marrying trees and animals, the film unravels a hyperbolic social critique.

Arman Darbo in dystopian Greatland

As Ulysses, portrayed by Arman Darbo, embarks on a perilous quest to rescue his childhood friend during a chaotic election between cats and dogs, Greatland highlights the populace's blind and enthusiastic acceptance of a Kafkaesque reality, exposing the dangers of enforced conformity.

“

Greatland offers exactly what Hollywood algorithms can't: a multi-layered world view that is not fully telegraphed or force-fed.”

*Igor Darbo*

A true political Rorschach Test, Greatland may be viewed by some as a scathing critique of liberalism gone too far, while others may see it as a "eat-the-rich" manifesto that ridicules the elite's exploitation of social movements. In

truth, Greatland offers no easy answers — only questions.

The film's visuals incorporate psychedelic sets and neon-lit streets, drawing from Orwellian and Huxleyan dystopias while addressing contemporary political and cultural conflicts. Director and screenwriter [Dana Ziyasheva](#) ("Defenders of Life", "How I Solved the Homeless Crisis in Cali", "Washed Out") infuses the story with a unique perspective on the cultural and political Zeitgeist, drawing from her experience as a journalist and United Nations diplomat.

Produced by Igor Darbo, the film brings together a cast that includes Eric Roberts, Nick Moran, Arman Darbo, Chloe Ray Warmoth, and Bill Oberst Jr.

In an era of polarized political discourse, Greatland satirizes both ends of the ideological spectrum, inviting audiences to reflect and discuss its themes beyond the closing credits.

Greatland's trailer is [here](#) and the film is now available on Prime Video.
