□ Dusk FSM + HubSpot: A Seamless  
Field Service Management Solution! □

[Dusk Mobile](#), a leading innovator in field service management solutions, is thrilled to announce a major milestone

as the only field service management tool integrated with HubSpot's new App Cards. This groundbreaking integration represents a leap forward in productivity, empowering teams to work smarter without the hassle of platform switching.

“

Our HubSpot App Cards boost efficiency, putting field team management directly in HubSpot. We're excited to streamline workflows and help teams deliver great service without platform switching.”

*Alan King, Founder & CEO*

Through this integration, shared customers can now manage field service operations directly from within HubSpot's ecosystem, giving them instant access to essential tools and insights for field teams and project management—without leaving HubSpot. This advancement builds on Dusk Mobile and HubSpot's ongoing collaboration and underscores their shared commitment to delivering cutting-edge, efficient solutions for shared customers.

HubSpot App Cards: What They Are and Why They Matter

App Cards are the latest innovation in HubSpot's CRM functionality, transforming traditional CRM cards into richer, more interactive tools that bring essential applications directly into the HubSpot platform. This integrated experience reduces friction, enabling teams to stay focused

and work seamlessly without toggling between tabs and apps.

With Dusk FSM App Cards, your field service management is closer than ever. The integration enables teams to stay organized, adaptable, and fully informed from within HubSpot—improving productivity and team satisfaction in a single, unified experience.

□ Dusk FSM App Cards: Transforming Field Operations from Within HubSpot

The Dusk FSM App Cards offer an array of powerful features that elevate field operations for organizations:

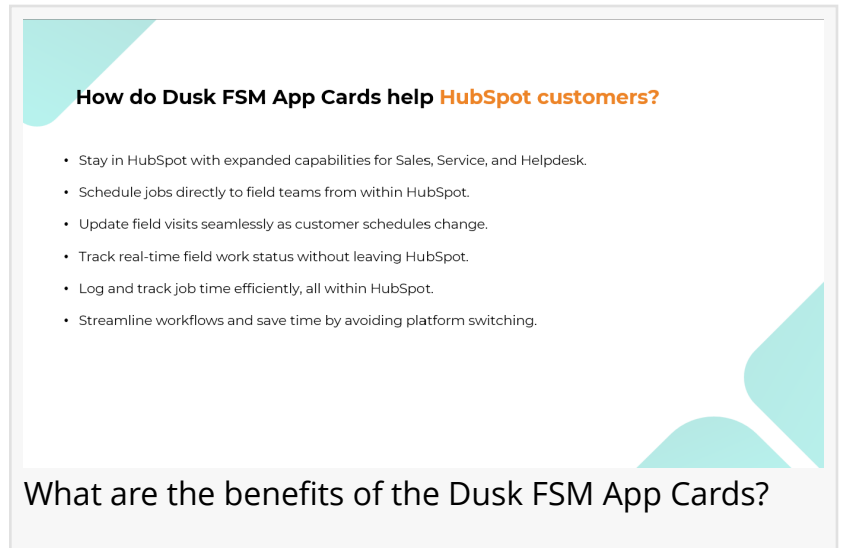

- Effortless Scheduling and Dispatching: Assign jobs and dispatch field teams directly from HubSpot, keeping everyone in sync.
- Real-Time Job Status Tracking: Monitor job progress and completion statuses in real time, without leaving the HubSpot interface.
- Quick and Flexible Job Updates: Easily make adjustments to field schedules when customer needs change, ensuring a smooth customer experience.
- Accurate Time Tracking: Track job durations precisely, helping improve invoicing accuracy and workforce productivity.

These new capabilities give Dusk FSM and HubSpot users enhanced control and visibility over field operations, streamlining workflows and providing actionable insights in real time. The result? A smoother, faster, and more reliable field service experience that aligns seamlessly with project and CRM data in HubSpot.

□ What This Integration Means for Your Business

This integration is a game-changer for companies with field service teams that rely on streamlined communication and efficiency. By centralizing critical field service tasks in HubSpot, Dusk FSM helps organizations cut down on time spent switching between platforms and boosts productivity, focus, and overall team efficiency. From scheduling to real-time job tracking, the Dusk FSM App Cards enable teams to do more with less hassle.
