

Street Volkswagen Announces Arrival of the All-Electric I.D. Buzz – Pre-Orders Open Now

Street Volkswagen is excited to bring the all-electric Volkswagen I.D. Buzz—a modern, revival of the classic VW bus—to Amarillo, with pre-orders open now.

AMARILLO, TX, UNITED STATES, October 30, 2024 /EINPresswire.com/ -- The highly-anticipated Volkswagen I.D. Buzz, the all-electric, modernized take on the classic VW bus, is set to arrive at Street Volkswagen in late November! Known for its nostalgia-meets-innovation appeal, the I.D. Buzz is already generating excitement with customers and is available for [pre-orders](#) now.

The I.D. Buzz debuted nationally at Street Volkswagen's 11th Annual "Calling All Slug Bugs Car Show," allowing Amarillo locals to get an early look at this revolutionary vehicle. Following hands-on training, Street Volkswagen's sales consultants can answer questions and guide customers through the new features and experience of the I.D. Buzz.

With its retro design inspired by the 1960s VW Microbus, the I.D. Buzz merges past and future in a vehicle that's packed with advanced technology and fun features. The all-electric I.D. Buzz offers a variety of driving modes, enhanced by Volkswagen's IQ.DRIVE suite of safety features, which includes adaptive cruise control, lane-keeping assistance, and emergency braking. Its customizable interior includes spacious seating, a high-resolution touchscreen, and premium materials, perfect for any journey, whether around town or on a road trip.

Customers who are excited to have a piece of Volkswagen history reimagined are encouraged to contact Street Volkswagen to secure their pre-orders. The buzz around the I.D. Buzz is only just beginning, and Street Volkswagen is thrilled to welcome this iconic vehicle to Amarillo.
