

Shenzhen Longhua Xingzhi by Zhubo Design Wins Bronze in A' Architecture Awards

Zhubo Design's Shenzhen Longhua Xingzhi Receives Prestigious Architecture Award Recognition

COMO, CO, ITALY, October 31, 2024 /EINPresswire.com/ -- The A' Design Award, a highly respected award in the field of [architecture](#) design, has announced Shenzhen Longhua Xingzhi by [Zhubo Design](#) as a Bronze Winner in the Architecture, Building and Structure Design category. This prestigious recognition highlights the significance of the Shenzhen Longhua Xingzhi project within the architecture industry and positions it as an outstanding example of innovative design.

The Shenzhen Longhua Xingzhi project showcases the importance of student-oriented design in educational architecture. By creating open, personalized, and multi-level communication spaces, Zhubo Design demonstrates how thoughtful design can enhance the learning experience and contribute to the well-being of students. This recognition underscores the relevance of such design approaches to current trends and needs within the architecture industry.

Shenzhen Longhua Xingzhi stands out for its unique use of subtraction, creating a Mobius Ring type of public space system with three-dimensional spatial circulation. The design incorporates colorful staircases, platforms, and small buildings to create varied and individual spaces that stimulate children's curiosity and imagination. These features demonstrate Zhubo Design's commitment to functionality, aesthetics, and innovation in architectural design.

The Bronze A' Design Award serves as a motivation for Zhubo Design to continue pursuing

excellence and innovation in their future projects. This recognition may inspire the team to further explore student-oriented design approaches and push the boundaries of educational architecture. By setting a high standard with Shenzhen Longhua Xingzhi, Zhubo Design has the potential to influence industry practices and foster a greater focus on creating engaging learning environments.
