

Consortium Led by H2 Global Energy Signs MOU with Tunisian Government for \$6 Billion Green Hydrogen and Ammonia Project

A consortium led by H2 Global Energy an agreement with the Tunisian government to develop a groundbreaking \$6billion green hydrogen project.

TUNIS, TUNISIA, January 6, 2025 /EINPresswire.com/ -- A consortium led by [H2 Global Energy](#) signed an MOU agreement with the Tunisian government to develop a groundbreaking green hydrogen and green ammonia project. The total expected investment for this strategic initiative is \$6 billion.

MOU Signature / H2 Global Energy & Tunisian Government

This ambitious project aims to leverage Tunisia's abundant renewable energy resources to produce green hydrogen and green ammonia, positioning the country as a key player in the global clean energy transition.

“

This is a strategic project that not only aligns with our commitment to sustainable energy but also underscores Tunisia's potential as a leader in green hydrogen and ammonia production.”

Waleed AlHallaj

Mr. Yazan Alfaouri and Mr. Wissam Anastas, shareholders of the consortium showed their excitement about the agreement and saw this project as a main corner stone of the energy transition plans of Tunisia and a step forward on the Tunisian Jordanian existing collaborations.

Mr. [Waleed AlHallaj](#), the Chief Commercial Officer of H2 Global Energy, commented on the significance of this project: “This is a strategic project that not only aligns with our commitment to sustainable energy but also underscores Tunisia's potential as a leader in green

hydrogen and ammonia production. We are excited to work together with the Tunisian government to achieve our shared vision of a greener future.”

The project is expected to create numerous job opportunities and drive significant economic growth in Tunisia, while contributing to global efforts to combat climate change.

About H2 Global Energy:

H2 Global Energy is at the forefront of green hydrogen technology, dedicated to developing and implementing cutting-edge solutions for a cleaner, more sustainable future.
