## Drivers

Growing commercial aviation industry

Rising demand for number of [aircraft](#) deliveries

Persistent growth in international tourism and increase in demand for air travel as a convenient, safe, and time-efficient mode of transportation

Rising military budgets and increased use of technologically superior air carriers for defense purposes

## Opportunities

## New and upcoming aircraft programs

### Restrictions

Lack of hydraulic fluid compatibility

Rise in demand for fire-resistant fluids and zero leakage hydraulics

Precise maintenance schedules for monitoring fluid conditions on aircraft

Based on door type, the passenger doors segment held the largest share in 2021, garnering more than one-fourth of the global [aircraft doors](#) market revenue, and is projected to maintain its dominance by 2031. However, the same segment would showcase the fastest CAGR of 7.0% during the forecast period. The other segments assessed through the study include emergency exits, cockpit door, cargo doors, and others.
