

FoodX Poznan by Modelina Wins Bronze in A' Interior Design Awards

Modelina's Innovative Restaurant Design, FoodX Poznan, Receives International Recognition in the A' Interior Space and Exhibition Design Category

COMO, ITALY, November 1, 2024 /EINPresswire.com/ -- The A' Design Award, a highly respected international design competition, has announced FoodX Poznan by [Modelina](#) as the Bronze Winner in the [Interior Space and Exhibition Design](#) category. This prestigious recognition highlights the exceptional creativity and innovation demonstrated by Modelina in their restaurant design project.

FoodX Poznan's award-winning design showcases the importance of creating immersive dining experiences that resonate with customers. By

combining vibrant street art aesthetics with nostalgic elements from the 1990s, Modelina has demonstrated how interior design can effectively communicate a brand's identity and enhance the overall dining experience. This recognition underscores the significance of thoughtful and innovative design in the restaurant industry.

Modelina's design for FoodX Poznan masterfully blends street art and iconic 90s videos, creating a unique and captivating atmosphere. The restaurant's interior features a gradient of pastel colors on the walls and furniture, complemented by glass bricks and street mirrors that add a distinctive touch. The custom-designed furniture perfectly aligns with the overall aesthetic, transporting diners back to the vibrant era of the 1990s.

Winning the Bronze A' Design Award serves as a testament to Modelina's commitment to pushing the boundaries of interior design. This recognition is expected to inspire the studio to

FoodX Poznan

continue exploring innovative concepts and setting new standards within the industry. By showcasing the power of transformative design, Modelina aims to inspire other designers and brands to create spaces that not only function effectively but also leave a lasting impression on visitors.

FoodX Poznan was brought to life through the collaborative efforts of a talented team. The project was led by Pawel Garus and Jerzy Wozniak, co-founders of Modelina, with significant contributions from Kinga Kin.
