We are not beholden to any outside tastemakers, which allows us to be nimble in producing content much faster than a traditional studio. Championing opportunities and access for young people is part of ROKiT’s DNA, and we’re thrilled to offer a wholesome entertainment hub that brings kids of all ages from around the world together.”

ROKiT Flix’s top original family friendly titles include:

In addition to its primary menu of clean-cut, kid-friendly fun, ROKiT Flix is also equipped with a dual parent/guardian profile providing access to more diverse programming. Safeguarded by a separate password-protected account, mature audiences can enjoy a broad range of content from edgy takes on cartoon classics with Windy Tales and innovative motion comics like Black Venus which reimagines the vintage French air fighting superhero for modern day, to blue-chip documentaries like Good Fortune chronicling the rags to riches story of ROKiT Industries co-founder John Paul DeJoria, who also co-founded Paul Mitchell and Patrón.

Launched in May 2023, ROKiT Flix elevates the quality of and access to fun and safe entertainment for families. Just this summer the platform, available in all territories, celebrated over 1 million downloads and, with its newly established catalogue, it's easier than ever to navigate ROKiT Flix's massive roster of programming, clocking in at three and a half years worth of audio and video content.

"ROKiT Flix's content curation strategy has been and will remain quality over quantity, however our remarkable staff continues to enrich our library with both. We've been continuously refining ROKiT Flix's functionality, and the current product is really a reflection of how much we love what we do," said ROKiT Studios Chief Executive Officer Mike Soto.
