NEW YORK , NY, UNITED STATES, November 1, 2024 /EINPresswire.com/ -- As an architecture photographer, Nicole England found that the shoots she enjoyed the most were the ones where dogs were present - nothing lightens the mood like a nonchalant pup. However imposing the architecture, some doggy hijinks can immediately bring an element of sociability and fun. With this in mind, Nicole set about setting up her Instagram, Resident Dog, and now this book, Resident Dog Around the World, which showcases over 25 of the world's most amazing houses, and the dogs that live there.

The photographs showcase incredible, amazing architecture and capture the personality of the idiosyncratic personality of each canine. Take a wander around the world's most stunning homes, from Mexico to Sydney, London, New York and LA, with the home pooch as your tour guide.

P&T Interiors features a stunning award winning house in Sag Harbor, Hamptons NY including Pol Theis' (P&T interiors founder and head designer) two English bulldogs, Louis and Margot. Nested in a forest in front of a fairy tale pond the property seamlessly integrates its surroundings while marrying a number of eclectic materials. Floor to ceiling windows enshrine the public box which in all concrete and is attached to the private box which is all teak through a windowed hallway. The two boxes enlase a black lap pool. The design and materials ensure that the house loses itself in its natural surroundings.

P&T Interiors - a boutique interior design firm - provides highly personalized residential design

services to what has become an international client base.
