

# Fisher College Unveils New Master's Programs to Shape the Future of Education and Business

*Fisher College is excited to introduce the Online Master of Education in Early Childhood Education and the STEM Master of Business Administration (MBA).*

BOSTON, MA, UNITED STATES,  
November 5, 2024 /EINPresswire.com/

-- [Fisher College](#), located in Boston's historic Back Bay, is proud to announce the launch of two innovative Master's programs designed to empower the next generation of leaders in education and business. Following the recent approval of the Criminal Justice undergraduate and graduate programs for the Police Career Incentive Pay Program (PCIPP), the college is excited to introduce the Online Master of Education in Early Childhood Education and the STEM Master of Business Administration (MBA).

“

The STEM MBA program is about more than just business; it's about inspiring innovation and fostering a mindset of growth.”

*Fisher College President,

Online Master of Education in Early Childhood Education  
In an era where early childhood education plays a critical role in shaping the future, Fisher College's Online Master of Education in Early Childhood Education offers a comprehensive curriculum that equips educators with the skills and knowledge necessary to foster young minds. This

program not only emphasizes best practices in teaching but also embraces innovative approaches that cater to diverse learning styles.

“Our goal is to empower educators to become champions for young learners,” said Lynne Robinson, Vice President for Online, Graduate, and Professional Studies at Fisher College. “This program is designed for those who aspire to make a significant impact in the classroom and the community, ensuring that every child has the opportunity to thrive.”

STEM Master of Business Administration (MBA)

As the business landscape continues to evolve, the need for leaders who understand the intersection of technology and management has never been greater. Fisher College's STEM MBA

program is uniquely designed to cultivate strategic thinkers who are ready to tackle complex challenges in a rapidly changing world.

“The STEM MBA program is about more than just business; it’s about inspiring innovation and fostering a mindset of growth,” said Fisher College President, Steven Rich. “We are committed to equipping our students with the analytical skills and business acumen to lead with confidence and integrity.”

Recognized in the 2024 Best Business Degree Programs Ranking by Research.com, Fisher College is dedicated to providing transformative educational experiences. We invite aspiring educators and business leaders to take the next step in their careers with our new Master’s programs meant to help shape the future while empowering others along the way.

### About Fisher College

Founded in 1903, Fisher College is a private, not-for-profit institution located in Boston’s Back Bay. Offering over 30 Bachelor’s and graduate programs, both on campus and online, Fisher introduces students to a world of possibilities and knowledge. The college is dedicated to changing lives by equipping students with the tools they need to thrive in today’s economy. While rooted in liberal arts, Fisher’s programs emphasize practical fields such as management, accounting, fashion merchandising, criminal justice, biology, information technology, cybersecurity, and a cutting-edge esports industry program. Educational resources include small class sizes and opportunities for internships, guest lectures, and site visits in Boston— a city rich in history, culture, and innovation.
