

# 2nd Chair Partners with Digital War Room to Streamline eDiscovery for Lawyers

ST. LOUIS, MO, UNITED STATES, November 1, 2024 /EINPresswire.com/ -- [2nd Chair](#), an innovative AI-driven solution for legal professionals, is excited to announce a strategic partnership with [Digital War Room](#) (DWR), an eDiscovery vendor with over 20 years of experience in legal technology. This collaboration aims to enhance legal research capabilities and streamline the eDiscovery process through cutting edge AI-driven technology, including summarization.

The partnership marks a significant milestone for 2nd Chair, as the

company embarks on a three-month testing period of its cutting-edge summarization technology, designed to provide attorneys with instant document review and accurate citations from a broad spectrum of sources. Known as "David," this advanced tool goes beyond traditional legal research, allowing lawyers to access and cite information from various types of documents,

“

We are committed to transparency and security in our solutions, and we believe that the 2nd Chair AI engine is the best in the industry.”

*Dan Gallivan, CTO & Founder of Digital War Room*

This collaboration aims to enhance legal research capabilities and streamline the eDiscovery process through cutting edge AI-driven technology, including summarization.

including but not limited to, medical and financial records, jurisprudence, discovery materials, emails, websites, or any other textual documents that lawyers touch. This integration will empower DWR’s existing eDiscovery tools, improving efficiency and accuracy in handling large volumes of data, as well as augmenting search functions to be more natural for Digital War Room’s users.

“We are committed to transparency and security in our solutions,” said Dan Gallivan, CTO & Founder of Digital War Room, “and we believe that the 2nd Chair AI engine is the

best in the industry. We’re confident it will provide major benefits to attorneys in their pursuit of legal research and fact discovery.”

As part of the partnership, 2nd Chair will white label its technology, allowing DWR to offer this innovative solution to its clients during the testing phase. The one-month development period began on October 1, 2024, and will conclude with user testing aimed at ensuring that the technology delivers substantial business benefits to legal professionals.

At the conclusion of the three-month period, both parties will evaluate the partnership's effectiveness and determine the next steps.

For more information about this partnership and how to get involved, please visit Digital War Room or contact 2nd Chair directly.

#### About 2nd Chair

2nd Chair is dedicated to transforming the legal industry with innovative AI solutions that enhance the efficiency and effectiveness of legal research. With a focus on transparency, security and user comfort, the company strives to empower attorneys with the software tools they need to excel in their practice.

#### About Digital War Room

Founded in 2002, Digital War Room has evolved to provide state-of-the-art eDiscovery tools tailored to meet the needs of its clients. DWR emphasizes security, confidentiality, and user-friendliness, ensuring that legal professionals have the support they need throughout the eDiscovery process.
