By sharing these perspectives, Handicap Help aims to build a stronger, more connected community.

Furthering this commitment, Handicap Help, in partnership with Dr. Quigley and Don White of Tru Mission K9's, will offer consulting services for accessibility in travel and luxury sectors. Together, they aim to redefine luxury as an inclusive experience, helping brands develop accessible services that prioritize every guest's comfort and dignity.

Through these initiatives, Handicap Help strives to ensure that every person, regardless of ability, can experience a life free from barriers. "This journey is about more than access," Sgt.
