Autonomous operation without any human intervention, low maintenance costs, and reliability of [robotic pool cleaner](#) drive the growth of the global robotic pool cleaner market. Moreover, high expenditure on leisure activities including swimming and trips led to increase in the demand for robotic pool cleaners in residential and commercial applications. This is owing to its easy installation and minimal maintenance costs, which presents new opportunities in the upcoming years.

The report offers detailed segmentation of the global robotic pool cleaner market based on type, end user, distribution channel, and region.

Based on end user, the residential segment held the highest market share in 2021, holding more than one-third of the total market share, and is expected to continue its leadership status during the forecast period. However, the hotels segment is estimated to register the highest CAGR of 14.5% from 2022 to 2031.

Based on distribution channel, the specialty electronics stores segment held the largest market share in 2021, holding nearly one-third of the total market share, and is expected to continue its leadership status during the forecast period. However, the e-commerce segment is projected to register the highest CAGR of 14.8% from 2022 to 2031.

Based on region, North America contributed to the highest share in terms of revenue in 2021, holding around two-fifths of the total market share, and is estimated to continue its dominant share by 2031. However, Asia-Pacific is projected to manifest the fastest CAGR of 14.7% during the forecast period.

Leading players of the global robotic pool cleaner market analyzed in the research include

Aquatron Robotic Technology

Hangzhou Gaoyue Technology Co. Ltd

iRobot Corporation

KOKIDO

Mariner 3S AG

Maytronics

Milagrow HumanTech

Pentair

Polaris

Zodiac Pool Systems

#### KEY FINDINGS OF STUDY

The above-ground segment is expected to grow at a high CAGR of 14.5%, in terms of value, during the forecast period.

The hotels segment is expected to grow at a high CAGR of 14.5%, in terms of value, during the forecast period.

The e-commerce segment is anticipated to grow at a high CAGR of 14.8%, in terms of value during the forecast period.

Asia-Pacific is expected to grow at the highest CAGR of 14.7%, in terms of value during the forecast period.

The Europe robotic pool cleaner accounted for more than 30% of the global market in 2020.

The U.S. accounted for more than 61% of the North American market in 2020.

#### Key Benefits For Stakeholders

This report provides a quantitative analysis of the market segments, current trends, estimations, and dynamics of the robotic pool cleaner market analysis from 2020 to 2030 to identify the prevailing market opportunities.

The market research is offered along with information related to key drivers, restraints, and robotic pool cleaner market opportunity.

Porter's five forces analysis highlights the potency of buyers and suppliers to enable stakeholders make profit-oriented business decisions and strengthen their supplier-buyer network.

In-depth analysis of the robotic market segmentation assists to determine the prevailing market opportunity.

Major countries in each region are mapped according to their revenue contribution to the global robotic pool cleaner market size.

Market player positioning facilitates benchmarking and provides a clear understanding of the present position of the market players.

The report includes the analysis of the regional as well as global robotic pool cleaner market trends, key players, market segments, application areas, and market growth strategies.
