

HackerNoon's 'Startups of the Year' Now Accepting Company Nominations in Cybersecurity Industry

HackerNoon has curated an initial list of 6,000 startups in the Cybersecurity category, and welcomes additional nominations from across the globe.

EDWARDS, CO, UNITED STATES,
November 18, 2024 /

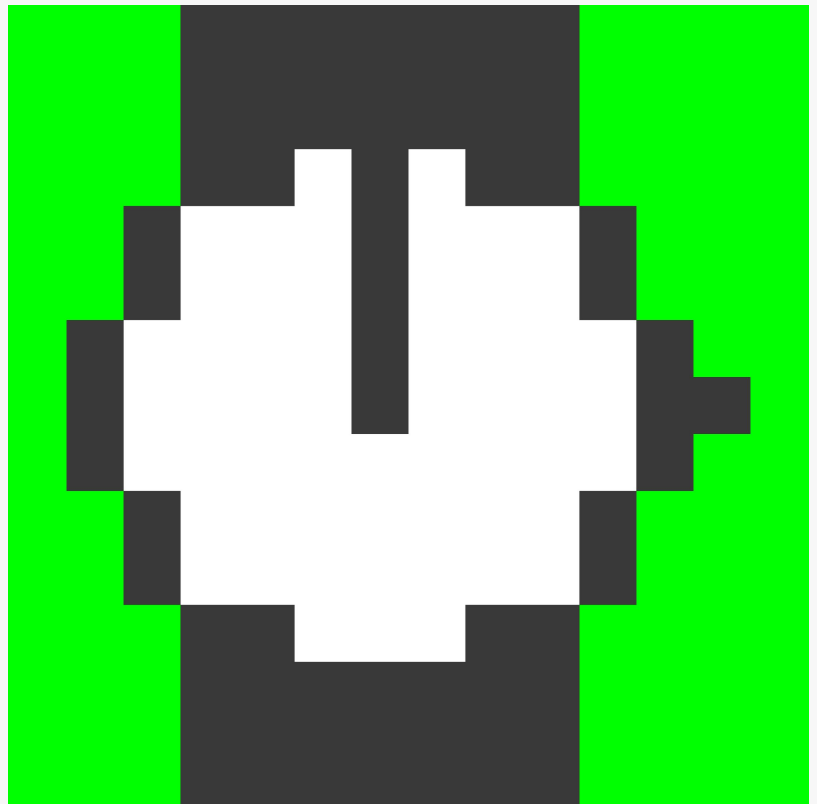

EINPresswire.com/ -- HackerNoon, the independent technology publishing platform, today announced that nominations for Startups of the Year 2024's Cybersecurity category are now open.

HackerNoon's Startups of The Year is a 100% community-driven voting event recognizing startups that are transforming technology and the world for the better. In our previous editions, the community had the option to vote for the best startup based on cities, such as Sydney, London, or Singapore, divided into major regions of the world: Africa, Asia, Europe, North America, Oceania, & South America.

This year, HackerNoon is going a step further by not only highlighting startups by cities, but also by industries, including Cybersecurity, to shed light on startups that are changing technology and the world for the better.

HackerNoon Logo

HackerNoon has curated an initial list of 6,000 startups in the Cybersecurity category, and welcomes additional nominations from across the globe.

Readers can visit hackernoon.com/startups to vote or nominate their favorite startups across key Cybersecurity sub-industries such as Network Security, VPNs, and Data Privacy & Compliance

The Cybersecurity category is proudly sponsored by our friends at [Notion](#).

Voting for Startups of the Year for 2024 began on September 30th, 2024 and will remain open until March 31st, 2025. Winners will be announced on April 28th, 2025, following an evaluation by the HackerNoon team.

All nominees will receive free interviews relevant to their industry and a version of their Evergreen Tech Company News page which includes business overviews and updates whenever the company is mentioned in HackerNoon stories.

"HackerNoon is where readers come to find detailed coverage of the cybersecurity industry. Our Tech Categories include a dedicated cybersecurity page where readers can find every cybersecurity-related story published on HackerNoon from the Dark Web to Cyber Threats, Security, Phishing, as well as a weekly ranking of the top cybersecurity writers," said HackerNoon Founder and CEO, David Smooke.

"Startups are the heartbeat of Notion. We build for them and with them, constantly iterating on tools that empower them to focus on innovation and creativity," said Anastasia Crew, Head of Notion for Startups. "We are proud of this partnership with HackerNoon and excited to support the next generation of groundbreaking companies."

Nominate and vote for [your favorite Cybersecurity companies here](#).

If you're a nominee, share more by completing the [Cybersecurity Startup Interview Template](#). Don't keep this exciting news to yourself! Share it with your friends, family, and colleagues. Encourage them to participate in the nominations and voting process, and let's recognize the most innovative and impactful startups of 2024 together!

Use the hashtag #startupsoftheyear or #soty2024 and tag HackerNoon on social so we can find your post and reshare the love.

HackerNoon's Startups of The Year is a branding opportunity unlike any other. Whether your goal is brand awareness or lead generation, HackerNoon has curated startup-friendly packages to solve your marketing challenges. Visit hackernoon.com/p/startup-special-packages to learn more!
