

EVONOMY Group & SC Automotive Engineering expand offerings with services partnership

Combined services will deliver architecture, design engineering, embedded development, project management, and test services to OEMs in multiple industries

DETROIT, MI, UNITED STATES, April 29, 2025 /EINPresswire.com/ -- [EVONOMY Group](#), a leader in E/E Architecture & Technology Consulting, and [SC Automotive Engineering USA](#), a [Sumitomo Corporation](#) company and Engineering Solution Provider (ESP), have entered into a Partnered Services Agreement (PSA) to jointly offer & promote complementary services supporting electrification, autonomous, connectivity, and software-based applications.

EVONOMY Group supports OEMs globally with conceptualizing next-generation Electrical / Electronic (E/E) architectures, defining product specifications & standards, and impartially identifying qualified solutions which meet program technical & commercial requirements. These services are enabled by the Economy Ecosystem which aggregates product & services data from global suppliers including technical specifications, solution roadmaps, commercial information, and industry certifications.

SC Automotive Engineering USA (SCAEUS) supports OEMs & Tier-1s with core engineering services including project management, mechanical system design, hardware development, software coding, testing, validation, and solution packaging.

SYNERGISTIC SERVICES

"This Partnered Services Agreement (PSA) enables EVONOMY Group & SCAEUS to support customers at each phase of the engineering V-cycle, spanning concept ideation thru final validation & product launch", said Anthony R. Giesey, SVP & Head of Brands at EVONOMY Group. "Our combined expertise in rapidly evolving technologies like electrification & autonomy will help

Our partnership with EVONOMY Group will greatly support customers with obtaining the resources & expertise required for enabling their next-generation visions"

*Tatsuya Takahashi, President
& CEO at SC Automotive
