

# Solution Systems Earns Microsoft's Small and Midsize Business Management Specialization

*Solution Systems earns Microsoft's Small and Midsize Business Management Specialization, showcasing expertise in cloud-based Business Central for growth.*

ROLLING MEADOWS, IL, UNITED STATES, November 7, 2024 /EINPresswire.com/ -- Solution

This achievement reflects our dedication to providing transformative cloud-based ERP solutions for small and midsize businesses.”

*Ken Sebahar*

Systems, Inc. is excited to announce that it has earned the distinguished Small and Midsize Business Management Specialization from Microsoft. This prestigious recognition underscores Solution Systems' expertise in delivering cloud-based business solutions, including [Microsoft Dynamics 365 Business Central](#) ERP, tailored to meet the unique needs of small and midsize businesses.

Awarded to select Microsoft partners, the Small and

Midsize Business Management specialization recognizes those with deep expertise, extensive experience, and proven success in deploying cloud solutions that help smaller organizations optimize processes and fuel growth. By achieving this specialization, Solution Systems has strengthened its role as a Microsoft [Cloud Solutions Provider](#), further validating its capability to deliver impactful Microsoft solutions that streamline operations and drive productivity.

“This achievement reflects our dedication to providing transformative cloud-based ERP solutions for small and midsize businesses,” said Ken Sebahar, CEO of Solution Systems, Inc. “We are honored to be recognized as a specialized partner with the expertise to empower businesses through Business Central and the cloud. We look forward to continuing our strong partnership with Microsoft to bring advanced technology solutions to our clients.”

With this specialization, Solution Systems further solidifies its position as a Microsoft Business Applications Solutions Partner, focusing on delivering cloud-based business solutions, particularly Business Central, to drive meaningful outcomes and foster lasting client relationships.

For companies seeking ERP expertise to support their Business Central implementations, Solution Systems offers unparalleled guidance and support to help clients fully leverage advanced cloud-based business applications.
