

New Graphic Novel He Lost His Keys in Space by Luke Milton and Lizzy Lang Delivers Dark Humor and Sci-Fi Satire

From the Creator of Animals Rule This Land, Luke Milton Teams Up with Lizzy Lang for a Galactic Comedy of Errors

ST. JOHN'S, NL, CANADA, November 28, 2024

[/EINPresswire.com/](https://EINPresswire.com/) -- In [He Lost His Keys in Space](#), Luke Milton teams up with creative partner Lizzy Lang to deliver a witty, offbeat take on galactic misadventures. Readers follow the hapless Vega Ulysses, Earth's so-called ambassador, who, after twelve chaotic years of bungled diplomacy, finds himself stranded far from home.

The premise is as absurd as it is telling: Vega, having left a trail of chaos in his wake, now must retrace his steps across alien worlds in a desperate search for his misplaced keys—a hilarious quest that exposes the cosmic consequences of Earth's self-serving ambitions. In his quest, Vega is forced to confront the farcical impact of Earth's consumerist, self-centered agenda on the galaxy.

Styled like an animated eighties sci-fi series in book form, *He Lost His Keys in Space* combines sharp wit with vibrant illustrations for a darkly funny critique of human excess.

This unique work is a must-read for fans of sci-fi humor and sharp social satire.

He Lost His Keys in Space will be available through [Black Panel Press](#) and major retailers on June 24th, 2025.
