Head of Asia Pacific*

The ERP Demo Day agenda includes live demonstrations and expert-led sessions focusing on real-world applications of Microsoft Dynamics ERP including financial insights and supply chain optimization, and generative AI powered by Microsoft CoPilot.

As a Prestige Partner, Unify Dots will lead a 90-minute demonstration of Microsoft Dynamics 365 Finance and Supply Chain ERP Capabilities.

Key highlights will include:

□Supply Planning: Learn how Dynamics 365 enhances

supply planning by aligning resources, optimizing production schedules, and ensuring demand fulfillment.

□Planning Optimization with Copilot Recommendations: See how AI-driven Copilot in Dynamics

365 provides intelligent recommendations, helping businesses forecast demand accurately and streamline planning processes.

□Procurement: Discover how Dynamics 365 simplifies procurement workflows, from purchase requisitions to supplier management.

□Vendor Portal: Experience how the Vendor Portal empowers suppliers with real-time access to order information, invoicing, and shipment tracking.

□Demand Planning with Copilot Recommendations: Understand how AI-driven demand planning capabilities enable organizations to anticipate shifts in demand, optimize inventory levels, and reduce stockouts.

□Warehouse Management System (WMS) App: Learn about the robust WMS capabilities, including order receiving, shipping, and cycle counting, that streamline warehouse operations and improve inventory accuracy.

“The ERP Demo Day event offers a unique opportunity for businesses to experience how Microsoft Dynamics 365 and CoPilot AI can transform their operations with cutting-edge features. We’re looking forward to an engaging session where attendees can see how these tools can transform their business processes,” Manish Chhalani, Unify Dots Head of Asia Pacific, said.
