When asked about her inspiration for writing, Debbie shared, "I hope my stories are enjoyable. The scenes come in and unfold like I am watching a movie. I just write them down. Of course, I do a lot of research to get to that point. I like writing fiction set in real world, real science and history. The characters all thrive - eventually - even in horrid environments. They inspire me."

Debbie first gained recognition with her thrilling science-fiction comic book series, "Black Tide," published by Image Comics. Set against the backdrop of ancient Atlantis, this present-day action series combines elements of history with gripping adventure. The graphic novel "Awakening of the Key" collects the first eight episodes of "Black Tide," while Volume 2 introduces DR, the original Draconian Warrior, featuring artwork by the renowned Norm Breyfogle. In addition, her
