EINPresswire.com/ -- According to the Michigan Mesothelioma Victims Center, "We have been assisting individuals who have developed mesothelioma and asbestos exposure lung cancer in Michigan for nearly two decades and we want people like this to receive the best possible compensation results. One of our major focuses has been people who had secondhand exposure to asbestos and now have mesothelioma or lung cancer because they came into contact with or washed the work clothing of a person who had routine exposure to asbestos at work. If this sounds like your wife, your mom or a brother or sister please call the lawyers at the Detroit based Zamler Shiffman & Karfis at 866-714-6466.

"The lawyers at the Detroit based Zamler Shiffman & Karfis have been assisting people with mesothelioma and asbestos exposure lung cancer for over 45 years, they get remarkable compensation for their clients, and they care about their clients. In a big manufacturing state like

Michigan individuals who worked on a production line or factory floor were routinely exposed to asbestos-and frequently they brought asbestos home with them on their work clothing before the mid-1980s. The wife, girlfriend or kids of the worker might have had routine exposure to asbestos in Michigan via their loved one's clothing.

"If your mom or brother-sister has just been diagnosed with lung cancer or mesothelioma and they did not work near asbestos in Michigan please call the legal team at Zamler Shiffman & Karfis at 866-714-6466. As they will explain, secondhand exposure to asbestos is a much bigger problem than most people know-and in Michigan they can help."
